

Teljoy Business will take the weight of Audio/Visual systems management off your shoulders.

## Allowing you to focus on your key business activities.

Offering installation, service and maintenance assistance; we ensure your guests receive the best AV experience available.

### What AV solutions do you need?

We provide complete AV solutions, which could include any combination of the following

- Analogue, Digital or IPTV Distribution Systems
- TV Head-end equipment
- Cabling and reticulation (copper and fibre optics)
- Satellite or Terrestrial signal reception and distribution hardware
- Screens and mounting hardware

Other services which can be integrated with our distribution platforms include :

- Telephony
- Video on Demand
- Local and international TV and Radio Channels such as Russia Today, France 24, Freeview
- High Speed Internet Access
- Advertising Channels
- Guest Information Channels

So with Teljoy, you do what you do best and leave the rest to us.

### Do you need a professional world class Installation?

Talk to us about setting up a complex signal distribution system feeding each and every room in your massive hotel, or maybe you simply need a signal and display for your guest house, bar or gym area.

Either way, we'll tackle the job and provide the installation, maintenance and servicing that you would expect from Teljoy.

### So what next?

Ok, so we've done the installation, set up your systems and everything is working perfectly. That's not the last you'll see of us though. We are always just a phone call away to ensure your system and equipment is maintained and repaired cost-effectively, allowing you to get back to your core business. Our rental and service level agreements are structured around you, to give you peace of mind long after workmanship warranties have expired.

With a Rental or Service Level Agreement, you as our valued customer, can be sure that:

- Teljoy will prioritise collection, repairs and returns of your equipment
- Provide loan stock to minimise downtime during repairs\*
- Replace your in warranty equipment with no additional administrative charges

### \*Terms and Conditions apply
